

Miracle of Life
Eva Cendors

In the rising sun
and warm colours
painted on the sky
I see the Miracle of Life

In a tiny drop
a rainbow spark
humbling what's dark
I see the Miracle of Life

In the pregnant silence
a reverence
just around dawn
I see the Miracle of Life

And you
Can you tell me
If you see it too

Magic all around us
Open eyes to see
Magic all around us
Slow down and be
Be a simple witness
Open your consciousness
And shout
Proudly shout
I am alive
I am alive

In the luscious fruits
Growing on the trees
And the joyful song of finches
I see the Miracle of Life

In the tireless butterfly
Tearing apart
the chrysalis
I see the Miracle of Life

And you
Can you tell me
If you see it too

Magic all around us
Open eyes to see
Magic all around us
Slow down and be
Be a simple witness
Open your consciousness
And shout
Proudly shout
I am alive
I am alive

Breathe beauty
Feel beauty
Hear beauty
Everywhere

Taste beauty
Claim beauty
Shine beauty
Everywhere

Magic all around us
Open eyes to see
Magic all around us
Slow down and be
Be a simple witness
Open your consciousness
And shout
Proudly shout
I am alive
I am alive
I am alive
